DEDICATION

We, the class of 1963, dedicate our annual to a person who has helped us in many ways during our high school years. As a result of his faithful and willing service, our agricultural department and FFA organization have been outstanding. With his help we have been able to have many successful Homecomings and Harvest Balls. It is with much gratitude and appreciation we dedicate this annual to Marvin Hibben.

MESSAGE TO SENIORS

History records that once upon a time a philosopherwas asked if he were to name the era in which he wished to be born, what era would he select: The era of pomp and glory of the Pharaohs, the era of grace and splendor of the reign of Queen Elizabeth, the period of power and might of the Roman Empire, or the magnificent and enlightened age of the Twentieth Century. The philosopher paused a moment and said, "The Twentieth Century because there has been so much done--and there is so much to do."

During the Twentieth Century man has been able to take to the air like a bird, orbit the earth at the rate of 18,000 miles an hour, push a button and flash a signal around the world, pull a lever and destroy a vast city. We are living in a world today with faster and better communications but scarcely better understanding. We take oaths, form alliances, bargain collectively, read the Bible, and study moral law; but men still do things basically and inherently wrong to each other for selfish and jealous reasons.

There are so many of life's questions that need answering, so many hurdles to challenge, so much good to perform for humanity. Precious moments lost in doing nothing or time consumed in pursuing selfish personal motives cost ourselves and America far too much of the future. Take the things you have learned to be good and with them do the very best you can for the future is yours.

I wish to extend a helping hand to each and every one of you for your future success and happiness.

Sincerely,
Carroll S. Bogard

RODMAN HARRISON

PRINCIPAL

MESSAGE TO SENIORS

The date of your graduation is perhaps more significant than you realize.
It was exactly one hundred years ago that the Emancipation Proclamation freed men from the bondage of slavery. Today there are ideologies which are trying to enslave men's minds.
It is our earnest hope that you have learned how, rather than what to think: for no people in history who were free to think have ever become enslaved--provided they exercised this freedom as a basic responsibility as well as a basic human right.
You are on the threshold of your adult life. There will be demogoges who will promise you easy money, great rewards, and a life of ease; and unless you are able to see through them, you will find that you have, in fact, sold your freedom.
I wish you every good fortune and would remind you that you are our hope of the future. Never do anything that will bring disgrace to your home, your church, your school, your state, nor your country.

Sincerely,
Rodman Harrison

FOOTBALL

TIGERS ARE CONFERENCE CHAMPS

Faced with the task of rebuilding a team which was riddled by graduation, the young men of the 1962 football squad accepted the challenge with traditional Armstrong spirit. The team dedicated themselves to this task so well that they achieved the ultimate goal: a perfect season. A well balanced explosive offensive attack and a solid defense enabled the team to move through the season without a defeat. The team was inspired by the play of their captain, Steve Reding, who was an all state end selection. The team's total offense was third in Class II schools of Iowa and rated second in rushing offense. Rick Holm paced this offensive attack, rating third in rushing and fourth in total offense in Class II individual statistics. Several team and individual records were broken by the squad. Although the contributions made by the five seniors will be sorely missed, the rest of the squad is looking forward to continuing the victory skein next season.

BOYS' TRACK

Hurrah! The track team won its first conference championship after being runnerup the four previous years of the conference existence. Scoring points in nearly every event, the Tigers showed excellent balance to place number one.

Hurrah again! The team also won Armstrong's first district championship. Showing excellent balance in placing in several events, the following qualified for the State meet: Rick Holm, 220 yard dash and pole vault; Jim Godfredsen, high jump and discus; Gary Colston, the broad jump; and the 440 and 880 yard relay teams consisting of Colston, Larry Balmer, Dave Fries, and Holm. The team had a very successful year in winning the Burt Invitational; placing second at the Bison relays; undefeated in dual and triangular meets in addition to the conference and district championships.

Although the season may be considered disappointing when measured by the games won and lost, a very young squad of girls is looking to the future. With only one senior, Carol Henriksen, on the team, the much needed experience was gained by the remaining members of the team. As the season progressed the team showed a great deal of improvement and gave our opponents a very determined battle. Returning for the next season are the regular forwards, Judy Theesfield, our only junior; Kathy Erickson, sophomore; Bonnie Barrett and Sharon Waldschmidt, freshmen; and regular guards Darleen Schreiber, Diane Bonnicksen, Doreen Reding, and Jeri Snyder, all sophomores; plus several other sophomore and freshman team members. This promising group of girls gave strong indication of the necessary qualities of an outstanding team through their desire, determination, and hustle in this rebuilding year.

BOYS' BASKETBALL

Armstrong 65	Graettinger	34	The boys basketball season started with a string of victories only to be broken by a strong team from Lakota. The team had balance and depth and apparently was headed for a fine season. After the defeat by Lakota, the team was beset by all those adversities that cause victories to be turned into defeats. They lost a few close games but were always respected by their opponents. With a promising sophomore team to help bolster the vacancies caused by graduation, the Tigers can look forward to a promising season next year.

FADS AND FANCIES

This page is dedicated to us, the Teenagers of 1963. There are many ways we can recapture our youth, but one of the best is to recall our memories, those of our own private world. We have fads and fancies that in years to come will be but memories to us, and we hope that this page will serve as a remembrance token out of our teenage life.

THE TWIST

Who says we can't sit on the railings?

What do you mean, I'm on?

A real nut.

The one on the right is Dorothy.

"Hello der" . . .

Future Home Wreckers of America.

Ain't love grand'.

A girl in every port, Dave?

Noon duties.

Who was in that car?

Guess who just made a touchdown.

Forward Ho!

Don't you approve, Larry, or are you jealous?

Yoga anyone?

This is the only way I can get attention.

Drivers' Education . . .

The casual look.

Our Royalty descends.

The Spanish supper . . .

"I lose more erasers this way."

Conversation piece of the year.

Proud Papa!

Practice makes perfect!

That younger generation.

Women!

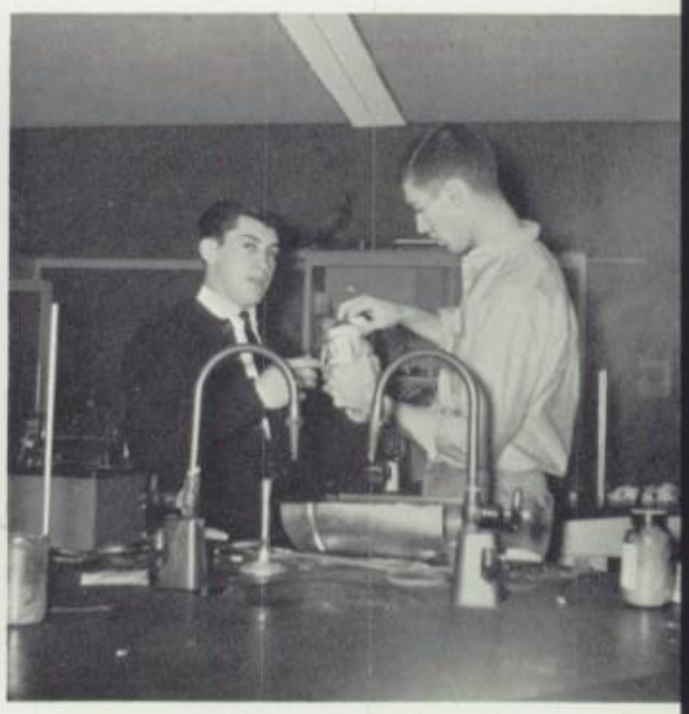
Winner of the "Ham of the Year Award" for 1963.

Mr. Nez-More or less.

Some Christmas present he'll make.

Boys please! I'd rather do it myself.

I like men . . .



Who says it won't work?

"Peek-a-boo! "

"Who ya wavin' at, Jan?"

Any resemblance to the Statue of Liberty is unintentional.

Are you sure this isn't against the rules?

"There is something to be said for girls' volleyball, right, Dick?"

"Who do you think you are, conference champs or something?"
